**TROPICAL CYCLONE BULLETIN NO. 28**  
**Tropical Storm “DANTE” (CHOI-WAN)**

Issued at 5:00 PM, 3 June 2021

Valid for broadcast until the next bulletin at 11:00 PM today.

<b>HAZARDS AFFECTING COASTAL WATERS</b>
<ul style="list-style-type: none"> <li>• Gale warning remains in effect over the northern and western seaboard of Northern Luzon (2.6 to 4.5 m). Sea travel is risky for small sea crafts over these waters.</li> <li>• Moderate to rough seas (1.5 to 3.5 m) will be experienced over the western seaboard of Northern Luzon. Mariners of small seacrafts are advised to take precautionary measures when venturing out to sea. Inexperienced mariners should avoid navigating in these conditions.</li> </ul>
<b>TRACK AND INTENSITY OUTLOOK</b>
<ul style="list-style-type: none"> <li>• This tropical storm is forecast to move generally northward or north northeastward in the next 12 hours exiting the northwestern boundary of the Philippine Area of Responsibility (PAR) between tonight and tomorrow early morning. Afterwards, it will re-enter the PAR tomorrow afternoon while moving northeastward over the Bashi Channel.</li> <li>• “DANTE” is forecast to weaken into a tropical depression tomorrow afternoon and into a remnant low on Saturday.</li> </ul>

Considering these developments, the public and disaster risk reduction and management offices concerned are advised to take all necessary measures to protect life and property. Persons living in areas identified to be highly or very highly susceptible to these hazards are advised to follow evacuation and other instructions from local officials. **For heavy rainfall warnings, thunderstorm/rainfall advisories, and other severe weather information specific to your area, please monitor products issued by your local PAGASA Regional Services Division.**

Unless an intermediate bulletin is released, the next tropical cyclone bulletin will be issued at 11:00 PM today.
